

**To become the primary platform
facilitating the exchange of art and
collectibles assets and allow anyone
to buy and sell efficiently.**

Problem

Arts and collectibles are highly valuated assets but yet they are illiquid and with high price tags.

High price tags

50 000 USD median price
with 8-35% commissions

Lengthy

Average 45 days
to sell

Shady

Very difficult to price
and market is unregulated

This friction make art market unattractive

Solution

Platform for exchanging information with greater liquidity and no minimum balance to participate

**No minimum
capital**

**Digital
ownership**

**Transparent
market**

Platform accessible for small investors and attracting large asset owners

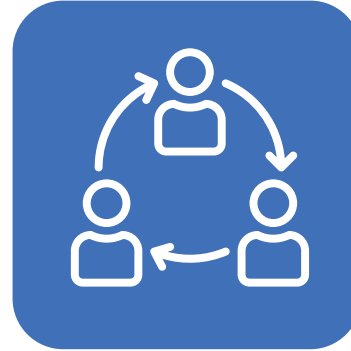

Our product

Issue art stocks and manage all your equity in one place with transparency and without getting bogged

Invest

in art stocks and become
shareholder in masterpieces

Co-ownership

Raise money for percentage
of equity without
losing ownership

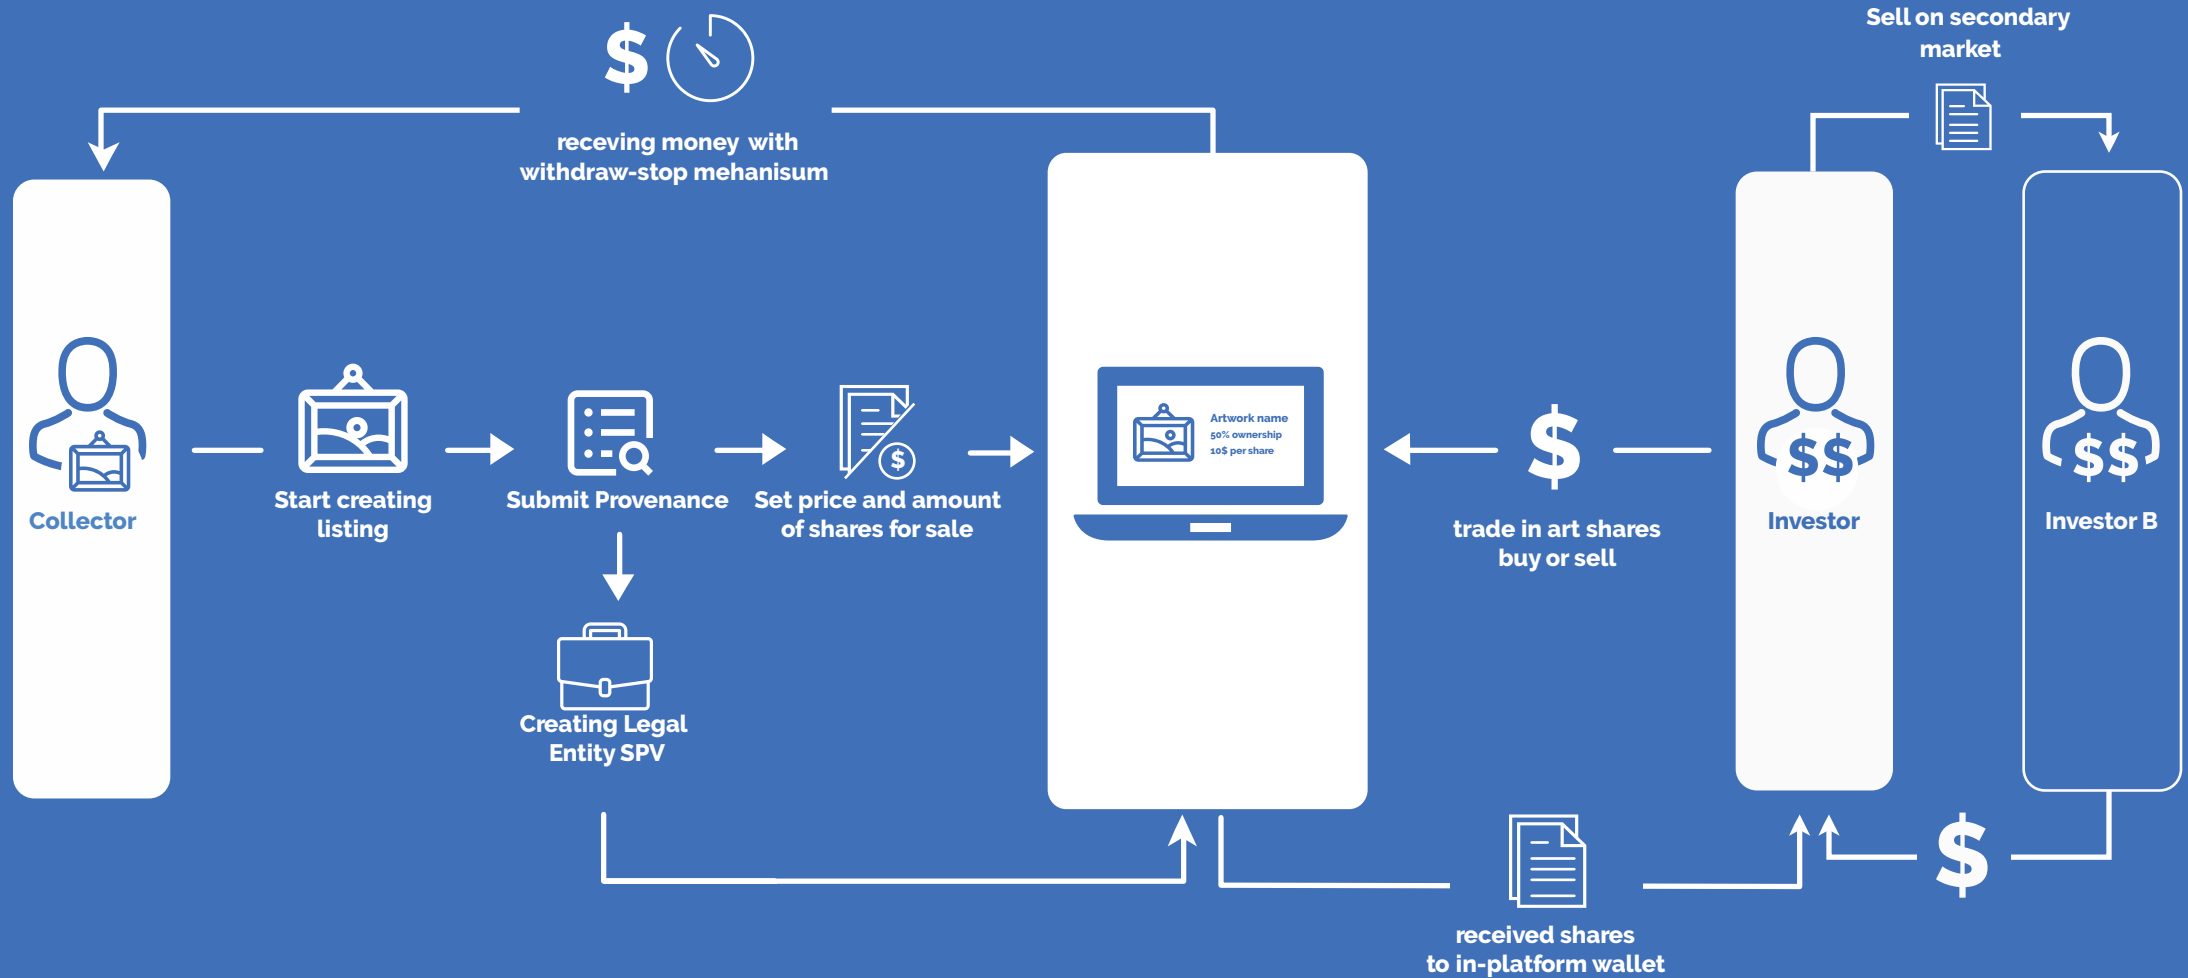

Secure

Transparency of price,
ownership and provenance

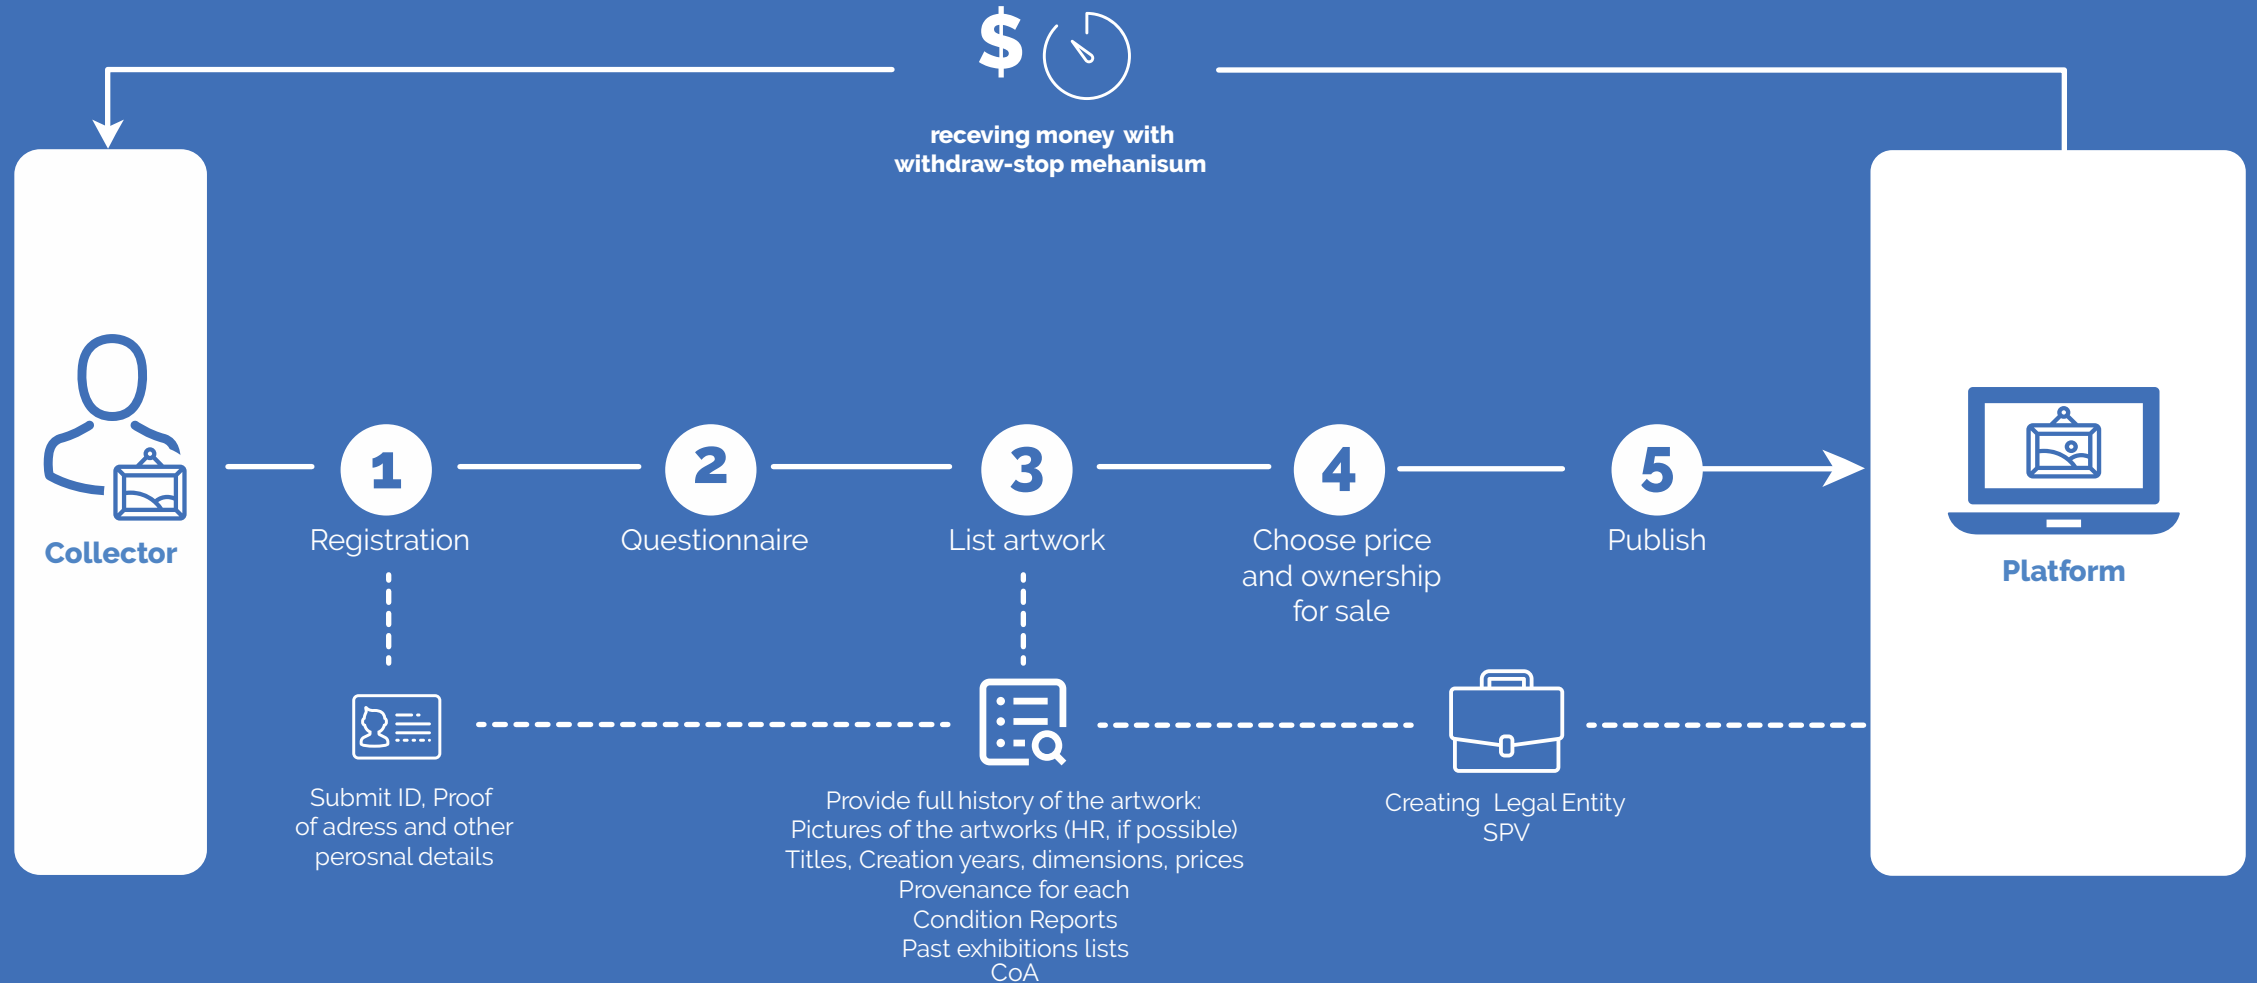

Changing art and collectibles market
